

Highlights

- Constant Force™ (CF™) patented motion technology produces smooth tilt adjustment—set display in position with just a touch
- Tilt-lock feature can set screen angle
- Universal design fits most screens greater than 32" up to 175 lbs (79 kg)
- Simple 3-step installation
- Integrated security fasteners deter removal
- Includes fasteners for mounting to wood studs or concrete wall surfaces
- Certified and listed to UL Standard 2442. This product has been tested to hold four times its maximum load capacity per UL standard (do NOT exceed listed weight capacity in actual use)
- 5-year warranty

ERGOTRON®

TM Tilting Wall Mount

Enhance any viewing experience. Ergotron's Tilting Wall Mount is the perfect accessory for large displays or TVs up to 175 lbs (79 kg). Attaching your valuable flat panel investment to a wall can be nerve-racking. So we took our engineering know-how and created an extremely stable wall mount solution that's easy to install. Then we made it better adding our patented Constant Force™ motion technology.

Now anyone at the office or at home can effortlessly adjust the tilt of a screen. And once assembled, Ergotron's unique security fasteners deter others from removing your display.

- *Tilt your screen with just a light touch or use the integrated tilt lock-down feature to hold it in position*
- *Sleek silver and charcoal-grey design complements home or office decor*
- *Protect your investment: integrated security fasteners hold your large display or TV in place*
- *View in comfort: cut glare and improve sight lines for optimal viewing*
- *Universal design fits most flat panel screens greater than 32"*

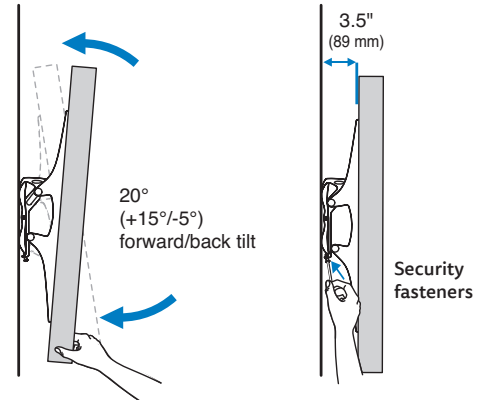

Simple Installation

3-step process

- ① Attach wall plate to chosen location on wall
- ② Attach mounting brackets to display
- ③ Hang display on wall plate

Range of Motion

- Tilt-lock feature can set screen angle
- No knobs or levers are used to activate tilt motion
- Constant Force™ (CF™) patented motion technology produces smooth tilt adjustment
- Security fasteners on mounting brackets prevent easy removal of the display
- Wall plate attaches to vertical wall surfaces. Includes hardware for mounting to wood studs or concrete walls
- Profile off the wall = 3.5" (89 mm)
